

Better than a wheelbarrow!

- ✓ Easier to push. ✓ More stable.
- ✓ Dumps effortlessly.

Features and Benefits:

- **Contractor-grade construction**
Ideal for moving concrete or other heavy material. All-welded steel design stands up to years of jobsite abuse.
- **Holds more than a standard wheelbarrow**
Available in 6- or 8-cubic-foot capacity. Smaller model fits through narrow doorways.
- **Ergonomically designed**
Won't tip over, even when fully loaded. Lower center of gravity is more stable than a wheelbarrow and helps prevent back injuries.
- **Large 27" industrial tires**
Maneuvers easily over all kinds of terrain. Choose pneumatic or steel wheels.

Model	Description	Overall Dimensions (L x W x H)	Ship Weight	Wheel Type	Load Capacity
JB-80	Standard Georgia Buggy	59.75" x 34.5" x 34.5"	150 lbs.	Pneumatic	8 cubic feet
JB-60	Slim Georgia Buggy	59.75" x 29.5" x 34.5"	142 lbs.	Pneumatic	6 cubic feet

NOTE: Both models can be ordered with steel wheels and an alternative style handle that is level with top of cart.
